

## **e& Egypt Hekaya Internet Plans Reference**

**Subject:** Hekaya Internet system for internet-centric mobile plans from e& Egypt

**Scope of Coverage:** 12 main monthly plans, 12 selectable apps, 4 extra unit plans, 9 mini plans across 3 different validities (1 week, 2 weeks, 3 weeks), cashback system on the e& money wallet, codes, and 10 main terms.

### **1. Overview of the Hekaya Internet System**

Hekaya Internet is a portfolio of prepaid mobile plans from e& Egypt, primarily designed for customers who require heavy internet usage. The core plan includes Internet + 300 units for calls and SMS + a selection of apps preferred by the customer + entertainment subscriptions.

The Hekaya Internet system from e& Egypt includes the following two types of plans:

- **Main Monthly Plans:** 12 plans starting from Hekaya Internet 46 (1,250 MB) up to Hekaya Internet 600 (50,000 MB).
- **Mini Plans:** Short-term plans structured around 3 different validities (1 week, 2 weeks, 3 weeks), starting from 10.5 EGP.

**Core Concept:** "Tailor your plan to your needs" — The customer freely chooses the apps they want to use within the plan, alongside the general internet bundle.

### **2. Features of Hekaya Internet Plans**

Hekaya Internet plans from e& Egypt offer 7 main features:

- In Hekaya Internet from e& Egypt, internet bundles reach up to 50,000 MB, with the choice of up to 3 apps preferred by the customer to use freely.
- In all Hekaya Internet plans from e& Egypt, the customer gets 300 units for calls and SMS: A minute to the e& Egypt network is charged as 1 unit, and a minute to other networks is charged as 5 units.
- In Hekaya Internet plans from e& Egypt, the customer receives a subscription to Twist Music, Twist TV, and Twist Sports apps, depending on the plan tier.
- In Hekaya Internet plans from e& Egypt, the customer gets additional entertainment subscriptions to VIU and TOD (depending on the plan tier), which auto-renew with every plan renewal and must be activated by the customer for the first time.

- In Hekaya Internet from e& Egypt, the customer receives cashback in their e& money wallet if there are unused megabytes left over from the plan, where the remaining value is converted into cashback.
- In Hekaya Internet from e& Egypt, the customer receives cashback in the wallet when renewing the plan on time or ahead of time, and the cashback value increases if the plan is renewed for multiple consecutive times.
- In Hekaya Internet plans from e& Egypt, the customer can convert from the internet bundle into extra call minutes, or into credit to purchase a subscription to any app they want.
